**Wellborn Cabinet, Inc. Provides Cabinetry for
DIY's Kitchen Crashers, Episode 106**

Ashland, AL: Wellborn Cabinet, Inc. partnered with its dealer, Shapes Supply, and Authorized Contractor, Room-by-Room Total Home Remodeling, on an episode of Do-It-Yourself (DIY) Network's newest sensations, "Kitchen Crashers." The show, similar to "Bath Crashers" and "Yard Crashers", ambushes a homeowner while home improvement shopping. The shopper that needs a kitchen makeover the most is chosen for a complete kitchen overhaul by the Crasher team.

"Kitchen Crashers," Episode 106 features cabinetry from Wellborn's Premier Series. The Milan Maple Espresso base compliments the Glacier finish elegantly displayed on the wall cabinets creating a classic, linear look throughout the kitchen. The kitchen cabinetry includes many elements to maximize the storage space including a spice rack and waste basket storage bin.

Watch the episode when it airs on DIY Network. The air date is Monday, January 9, 2012 at 9:30 Eastern/8:30 Central.
